SUMMARY

I am an Electrical Engineering student with basic skills in programming and technical problem-solving. I have successfully participated in engineering competitions and internships, demonstrating my ability to apply theoretical knowledge in practical settings. I am motivated by challenges and constantly seek to expand my skills in both core engineering and software development.

EXPERIENCE

01/2024 - 01/2004

India

Intern/Participant

Various organizations

Involved in various projects and internships in the field of electrical engineering.

- Participated in Anvenshana competition and achieved 11th place (2024)
- Selected candidate for MSME project based on new EV design, progressed to the 3rd round under advisor's mentorship
- Undertook an offline internship at TNPL
- Attended online internship at E-soft company

EDUCATION

10/2008 - 05/2022

India

High School Diploma

Kongu Matriculation Higher Secondary School

08/2022 - 05/2026

India

Bachelor of Engineering

V.S.B Engineering College

STRENGTHS

Technical and Analytical Skills

Strong ability in basic programming, negotiation skills, and critical thinking.

KEY ACHIEVEMENTS

11th Place in Anvenshana & MSME Project Selection

Achieving 11th place in a competitive engineering project while also progressing through MSME project rounds.

LANGUAGES

English

Advanced

Tamil

Proficient

SKILLS

Github

Java

Rust

PASSIONS

Sports and Learning

Enjoys playing football, analyzing sports, and learning new things.
